Profile

I am a computer science student currently pursuing a master's degree. My strengths lie in web development and I have a strong interest in exploring diverse technologies. My experience spans from hobby and academic projects to large-scale professional applications, particularly in system integrations. I'm driven by growth, innovation, and continuous learning through real-world challenges.

Work Experience

May 2025 –
Tampereen Energia Oy

Trainee, Integrations

I migrate system integrations by updating target frameworks on the Frends platform, design and implement new cross-system integrations, and resolve issues with existing integrations.

June 2024 – Aug. 2024
Posti Jakelu Oy

Postal Worker

I delivered mail and packages daily with a van. The work included independent sorting and customer service during deliveries.

May 2023 – Apr. 2024
Valmet Technologies Oy

Trainee

I worked in a global team responsible for roll covers and maintenance. I was responsible for programming and maintaining a pricing application, gathering and analysing data and updating pricing models for products.

May 2022 – Aug. 2022
Walki Oy

Paper Machine Assistant

I worked as an assistant on a paper machine, responsible for attaching and removing paper rolls, adding chemical solutions, and performing general maintenance and upkeep of the machine.
