Profile

Master of Science in Computer Science and Integration Developer. I work with system integrations on the Frends platform, designing, implementing and maintaining integration solutions. My strengths include software development, problem-solving and quickly adopting new technologies. I am motivated by continuous learning, solving practical challenges and building solutions that support business needs.

Work Experience

May 2025 – Tampereen Energia Oy	Systems Integration Developer I design, implement and modify system integrations and troubleshoot issues in existing integrations, ensuring reliable operation and that the solutions effectively support business needs.
June 2024 – Aug. 2024 Posti Jakelu Oy	Postal Worker I delivered mail and packages daily with a van. The work included independent sorting and customer service during deliveries.
May 2023 – Apr. 2024 Valmet Technologies Oy	Trainee I worked in a global team responsible for roll covers and maintenance. I was responsible for programming and maintaining a pricing application, gathering and analysing data and updating pricing models for products.
May 2022 – Aug. 2022 Walki Oy	Paper Machine Assistant I worked as an assistant on a paper machine, responsible for attaching and removing paper rolls, adding chemical solutions, and performing general maintenance and upkeep of the machine.

Technical Skills

Programming Languages	JavaScript, TypeScript, Java, Python, C, C++, C#, SQL
